## PART 2: PACIFIC ECONOMIC INTEGRATION INITIATIVES

### Article 3

#### *Guiding Principles*

- 1 The objectives of sustainable development of the Forum Island Countries and gradual and progressive integration of the Forum Island Countries into the international economy shall guide all aspects of all stages of the development of the trade and economic partnership established under this Agreement.
- 2 The trade arrangements established in accordance with Part 2 of this Agreement are intended to provide “stepping stones” to allow the Forum Island Countries to gradually become part of a single regional market and integrate into the international economy.

- 3 The Parties recognise that the purpose of free trade areas should be to facilitate trade between the constituent parties and not to raise barriers to the trade of other Parties to this Agreement, and shall endeavour to act consistently with that purpose.
- 4 Nothing in this Agreement shall be construed as restricting the right of the Parties to undertake an arrangement between two or more of them to regulate trade and economic relations between them as they may agree, except when necessary to achieve the objectives of this Agreement.
- 5 The Parties shall use their best endeavours to follow international best practice in formulating the rules governing the trade relations between them, taking into account the development status, capacity and resource constraints of Forum Island Countries.
- 6 Consistent with the objectives set out in Paragraph 1, Least Developed Countries and Small Island States may be integrated in accordance with different structures and by different time frames than other Parties.
- 7 This Agreement is not intended to be:
  - (a) a customs union, an interim agreement leading to the formation of a customs union, a free trade area, or an interim agreement leading to the formation of a free trade area notifiable under Article XXIV of the General Agreement on Tariffs and Trade;
  - (b) an agreement notifiable under Article V of the General Agreement on Trade in Services; or
  - (c) in derogation of any pre-existing arrangements, obligations or treaties.

#### Article 4

##### *Arrangements among Forum Island Countries*

- 1 The Parties agree that it is desirable for the Forum Island Countries to commence trade liberalisation and economic integration among themselves first.
- 2 The Forum Island Countries may liberalise trade among themselves and integrate their economies at a different pace and with different priorities than those with which they liberalise trade, and integrate their economies, with the economies of Australia and New Zealand.
- 3 Any arrangements established in accordance with this Article shall:
  - (a) be consistent with the objectives and guiding principles of this Agreement; and
  - (b) confer no rights or obligations on any Party not party to that arrangement.

## Article 5

### *Future Negotiation of Forum-wide Trade Arrangements*

- 1 In accordance with the objectives of this Agreement, and notwithstanding the process for further integration established in the following Paragraph, eight years after the PICTA has entered into force, unless earlier agreed as part of the general review of this Agreement under Paragraph 2 of Article 16 or otherwise triggered by the provisions of Article 6, the Parties will enter into negotiations with a view to establishing reciprocal free trade arrangements between the Forum Island Countries and Australia and New Zealand.
- 2 Where a Party considers it desirable to establish new trading and economic integration arrangements between all the Forum Island Countries and Australia and New Zealand, or to extend the matters covered by or to deepen the relationship established by such arrangements, it may notify the Forum Secretariat, which will notify the other Parties to this Agreement, of its wish to enter into consultations with a view to negotiating the terms and conditions of the new arrangement or extension.
- 3 With respect to any Forum Island Country, Australia and New Zealand shall maintain all existing arrangements relating to market access in effect at the time this Agreement enters into force, until such time as that particular Forum Island Country has concluded new and/or improved trade arrangements providing equal or better access to their markets.

## Article 6

### *Consultations between Forum Island Countries and Australia and New Zealand relating to the negotiation of free trade arrangements*

- 1 For the purposes of this Article:
  - (a) “free trade arrangements” means at least one free trade area or customs union, or at least one agreement leading to the formation of such area or union, as defined in Article XXIV:8 of the General Agreement on Tariffs and Trade;
  - (b) “developed country” means any member of the Organisation for Economic Cooperation and Development as at 1 January 2001; and
  - (c) “least developed country” means any country that is for the time being designated as a least developed country by the United Nations.
- 2 If any Party enters into negotiations for a free trade arrangement with a non-Forum country, that Party shall notify the Forum Secretariat, which, in turn, shall notify all other Forum members.
- 3 Subject to Paragraph 10, if any Forum Island Country which is Party to this Agreement:

- (a) commences formal negotiations for free trade arrangements which would include one or more developed non-Forum country, then that Forum Island Country shall offer to undertake consultations as soon as practicable with Australia and New Zealand, whether individually or jointly, with a view to the commencement of negotiation of free trade arrangements; or
  - (b) concludes free trade arrangements which would not include any developed non-Forum country, then that Forum Island Country shall offer to undertake consultations with Australia and New Zealand as soon as practicable after such arrangements are concluded. In cases where such arrangements involve a country which has a higher per capita GDP than the lowest per capita GDP of a developed Forum member, then the Forum Island Country shall offer the opportunity for negotiation of free trade arrangements with Australia and New Zealand, whether individually or jointly, following the consultation.
- 4 Subject to Paragraph 10, if all the parties to the PICTA jointly commence negotiations for free trade arrangements which would include one or more non-Forum country, they shall offer to undertake consultations, as soon as practicable, with Australia and New Zealand, whether individually or jointly, with a view to the commencement of negotiation of free trade arrangements.
- 5 Any Forum Island Country not party to the negotiations with a country referred to in Paragraph 3 may participate in any resulting consultations and negotiations with Australia or New Zealand.
- 6 If Australia or New Zealand commence formal negotiations for free trade arrangements with any non-Forum country, then Australia and New Zealand shall offer to undertake consultations, as soon as practicable, with each Forum Island Country with a view to the commencement of negotiations for improved market access.
- 7 In undertaking any negotiations under Paragraphs 3, 4 or 6, the relevant Parties shall endeavour to negotiate arrangements which are mutually beneficial, provide equal or better market access for the Parties, and are consistent with the relevant provisions of the Marrakesh Agreement Establishing the World Trade Organization.
- 8 Where more than one consultation or negotiation is required under this Article, the relevant Parties shall consider how best to coordinate their consultations and negotiations.
- 9 The obligation to consult under Paragraphs 3, 4 or 6 shall cease if the negotiation with a non-Forum country or countries is discontinued without producing an agreement.
- 10 The obligations in Paragraphs 3 and 4 do not apply to:
  - (a) the accession of any Pacific Island Country or Territory to the PICTA, provided that the PICTA rules of origin do not discriminate between Australia and New Zealand and other developed countries; or

- (b) the negotiation of any bilateral or plurilateral free trade arrangements between or among countries each of which is a Forum Island Country, or a Pacific Island Country or Territory, or a least developed country, provided that the rules of origin of such bilateral or plurilateral free trade arrangements do not discriminate between Australia and New Zealand and other developed countries.
- 11 Nothing in this Article shall be construed so as to undermine or impede the ability of any Party to effectively and independently negotiate a free trade arrangement with a third country.
  - 12 Trade negotiations under this Agreement should be independent of other aspects of the relationship between Parties, including the provision of aid or technical assistance, outside that provided under this Agreement.

## **Article 7**

- (c) recognise the differences in development status of the Parties by the inclusion of appropriate measures providing for special and differential treatment of developing countries;

- (e) not discriminate between Australia and New Zealand.

- 3 Nothing in this Agreement shall prevent Parties from entering into any other agreements relating to the maintenance or establishment of customs unions, free

## ANNEX I

### TRADE FACILITATION

#### Article 1

##### *Establishment of Trade Facilitation Programmes*

- 1 Pursuant to Article 9 of this Agreement the Parties shall establish detailed programmes for the development, establishment and implementation of trade facilitation measures.
- 2 Each trade facilitation programme shall contain:
  - (a) a statement of objectives;
  - (b) a statement of outcomes to be achieved;
  - (c) a detailed plan of action and timeframe; and
  - (d) an annual budget sufficient to achieve the objectives of the programme, including the provision for technical assistance.
- 3 The Parties shall endeavour to coordinate and integrate trade facilitation programmes with the work of other regional organisations, including the Oceania Customs Organisation and the Pacific Plant Protection Organisation, with the objective of avoiding unnecessary duplication of existing work programmes and maximising the benefits from the resources devoted to trade facilitation. Where appropriate, trade facilitation programmes may authorise, encourage or require:
  - (a) sharing of information between the Parties, the Forum Secretariat, and other regional and international organisations and their members;
  - (b) utilisation of the expertise and resources of other regional or international organisations;
  - (c) the Parties to cooperate with and within other regional and international organisations;
  - (d) cooperation with other regional and international organisations in the development, establishment and implementation of international agreements on harmonised standards and procedures, or the establishment of new regional organisations;
  - (e) participation of other regional organisations, and their members, in trade facilitation programmes; and
  - (f) any other form of cooperation, coordination or integration of activities the Parties deem appropriate.

## Article 2

### *Procedure for the Development of Trade Facilitation Programmes*

- 1 The Forum Secretariat, and any other person or organisation commissioned by the Parties, shall from time to time prepare reports for the Parties identifying areas where trade facilitation programmes would be most beneficial, and suggest appropriate objectives, outcomes, plans of action and budgets for such programmes, and review existing programmes.
- 2 Where a Party believes harmonisation of any measure, or the implementation of any measure, will facilitate trade or reduce or eliminate distortions of trade, the Parties shall consider the matter at the next review under Article 16 of this Agreement. The Parties shall decide what, if any, further action is desirable.
- 3 The Parties shall periodically meet, in accordance with Article 16 of this Agreement, to:
  - (a) establish, modify or terminate trade facilitation programmes;
  - (b) review the implementation and success of established programmes; and
  - (c) make any decisions necessary for the development, establishment and implementation of trade facilitation programmes and specific trade facilitation measures.
- 4 All decisions made under the previous Paragraph shall be made by consensus.
- 5 Without limiting the subject matter of trade facilitation programmes, the Parties, acting through their Ministers responsible for trade or the nominees of such Ministers, shall as soon as practical, but in any event no more than one year after the entry into force of this Agreement, begin work to formulate trade facilitation programmes which cover sanitary and phytosanitary matters, customs procedures, and standards and conformance.
- 6 Trade facilitation programmes shall be formalised in Memoranda of Understanding between Parties.
- 7 In identifying trade facilitation programmes which would be most beneficial, the Parties agree that priority shall be given to trade facilitation programmes, and specific elements of such programmes, designed to enhance the ability of the Forum Island Countries to take advantage of trading opportunities in Australian and New Zealand markets, and to enhance trade among the Forum Island Countries.

### Article 3

#### *Participation in Trade Facilitation Programmes*

- 1 Where, in light of resource and capacity constraints and the trade volumes likely to be affected, particular trade facilitation programmes or aspects of programmes would be unduly onerous or potentially disadvantageous to a Forum Island Country, that Country may elect not to participate in that trade facilitation programme.
- 2 By unanimous agreement, the Parties may permit a non-Forum Pacific Island Country or Territory to participate in trade facilitation programmes under this Annex in accordance with terms to be negotiated.

### Article 4

#### *Consultations*

The Consultation provisions of Article 15 of this Agreement shall also apply to trade facilitation programmes established under this Annex.

### Article 5

#### *Dispute Resolution*

Where Parties agree that the subject matter of a trade facilitation programme, contained in a Memorandum of Understanding pursuant to this Annex, is such that provisions for the resolution of disputes are necessary, appropriate dispute resolution provisions shall be included in the Memorandum of Understanding.
